

FEDERAL GOVERNMENT OF SOMALIA

MINISTRY OF AGRICULTURE AND IRRIGATION

REQUEST FOR EXPRESSION OF INTEREST (REOI)

Country: Federal Government of Somalia (FGS)

Name of the Project: Somalia Food Systems Resilience Project (S-FSRP)

Assignment Title: National M&E Specialist

Project ID: P177816

Deadline Date: 16th Sept 2023

Ref No. SO-MOAI-375952-CS-INDV

2. BACKGROUND

The Somalia Food Systems Resilience Program (FSRP) is part of a regional initiative by the World Bank to provide a comprehensive framework to intervene at both the national and regional levels. This Multiphase Programmatic Approach (MPA) aims to tackle the underlying structural challenges of food insecurity and reduce beneficiaries' vulnerability to unpredictable climate, crisis, and conflict events. It seeks to achieve this by rejuvenating Somalia's agri-livestock research institutions, seed systems, and extension services and developing community institutions that can anchor adaptation of climate-smart agri-livestock practices, strengthening the availability of water and improved rangelands management for resilient agriculture and livestock production; support animal health services, enhancing the integration of the production systems to domestic and regional markets, with appropriate investments in food safety and value addition, and establishing an enabling policy and institutional framework at a sub-national, national and regional level capable of supporting food systems resilience for Somalia.

The Project Development Objective (PDO) for Somalia Food Systems Resilience Program (FSRP) will be 'to increase preparedness against food insecurity and improve the resilience of food systems in targeted project areas of Somalia. Progress toward the PDO will be measured using five PDO indicators and intermediate indicators. All relevant indicators will be disaggregated by gender (men and women) and age (youth and adult). The five indicators are.

A Quality Enhancement, Implementation Support Team, has developed a web-based Management Information System (MIS) to enable real-time data loading and monitoring. These data must be updated to help management make informed decisions and know how the project is progressing on financial utilization and development objectives.

2. Scope of Work and Responsibilities

Reporting to the National Project Coordinator, the Monitoring and Evaluation Specialist (MES) will be responsible for the overall Monitoring Evaluation and Learning of the Project. This will include monitoring the physical and financial progress of the Project. In addition, the MES shall manage the Project's overall Monitoring and Evaluation Framework to ensure that the Project is on track to meeting its development objectives, expected outputs and outcomes, and intended beneficiaries. The MES will collaborate closely with the Project Coordinator, the Financial Management Specialist, Technical Specialists, and the World Bank Task Team.

The overall responsibility of the Monitoring and Evaluation Specialist is to establish an M&E system and improve the monitoring and reporting in the project across all components to ensure that the expected project development objectives are being achieved. More specifically, the Specialist will have the following key responsibilities:

S/he will undertake all the other specific tasks detailed in the Terms of Reference (ToR) that can be found at the following <https://moa.gov.so> or can be provided upon submission of the application (in person or by email to the address below)

3. The proposed duration for the assignment is twelve (12) calendar months from the start date.

4. Selection Criteria

The selection shall be based on the candidate's qualifications, experience, and skills, followed by an interview. The qualifications, experience, and competencies include:

- Master's Degree or equivalent in a relevant field.
- Minimum of at least ten years of experience with development projects, preferably in Somalia, of which at least five years should be on planning, monitoring, and evaluating development projects.
- Experience in monitoring and evaluation in an international agency is preferred.
- Practical Experience in Management Information Systems (MIS)
- Experience designing and implementing results management and monitoring and evaluation systems, data collection and analysis, and results reporting.
- Fluency in English.
- Good analytical and technical report-writing skills
- Excellent communication skills: speaking, writing, and listening.
- Excellent computer skills, including Microsoft Office tools (Word, Excel, and PowerPoint) and the Internet.
- Experience with managing a database system and software is desired.
